CRASH 'N' SCORE

Demolition Derby

With each player trying to hit numbered pylons that pop onto the screen at random, player action is frantic. It's like getting paid for fender-benders. Your customers get paid too, because Crash 'N' Score keeps players coming back for more. Compact physical size, exciting graphics (there are even colored overlays on the Crash 'N' Score monitor) and rugged construction make Crash 'N' Score at home in more locations, makes you a profit winner. Unique player-selectable game choice capability—with or without barriers—means Crash 'N' Score will stay new, always a challenge.

King of the Road

Features you can expect only from Atari make scoring higher on the road as an all-lick.

All metal foot pedals. Rugged accelerator pedals last longer, won't lose contact.

Large 23" monitor. Attention-getting cabinet graphics, colored pylon overlays on the screen and illuminated instruction panel (1 or 2 players) means high visibility, high player attraction.

Locking cashbox for tight security, no matter how busy the location.

Dual coin mech lets Crash 'N' Score accept 25¢ or 50¢.

Hinged cashbox door, key operated, makes collections quick and easy.

Compact size. Crash 'N' Score is a 2-player game that looks like a 1-player. Yet there is ample room for players (and their cheering sections), so you can place Crash 'N' Score in any environment, even high cost-per-foot locations.

Dimensions. Height 60½" (154.6cm), width 31½" (80.3cm), depth 27½" (69.9cm), shipping weight 335 lbs (152.09 Kg).

No pit stops to slow you down.

Reliability is built-in. Durastrut™ tested, solid state electronics and removable front panel for easy access to interior components keeps Crash 'N' Score always on the road.
